Tuesday

Kids Stage – Theater Kid Stage – Pets

Max is a spoiled terrier who enjoys a comfortable life in a city apartment building until his owner adopts Duke, a giant and unruly canine. During their walk outside, they encounter a group of ferocious alley cats and animal control is hot on their tails. Luckily, a defiant bunny named Snowball swoops in to save the doggy duo from captivity. In exchange, Snowball demands that Max and Duke join his gang of abandoned pets on a mission against the humans who've done them wrong. Join the fun on this hilarious journey about friendship and love from the eyes of pets.

Final performance at 6pm on 5/8/18 in Auditorium

Tuesday**Yak Academy-Spanish**

Join Yak Academy and expose your child to Spanish language & culture through art, movement and play! Our interactive, full-immersion, play-based classes make learning fun & inspire self-confidence. Optional "Take-Home" Worksheets will be emailed to parents to follow along at home. Research shows that early foreign language exposure strengthens math & analytical skills, improves English verbal & listening skills, builds self-esteem, and opens doors to new cultures. Visit www.YakAcademy.com to learn more.

Tuesday**Little Coders – Coding with Kids Grades K-2**

Jump start your child's STEAM education with Coding with Kids' Little Coders class! Students will develop their computational thinking skills and build their own creative programs. Our curriculum combines a blend of fun activities - both "on-screen" and "off-screen" – to keep students engaged and excited about coding. This class will give students a strong foundation on coding basics, such as loops and conditionals that can be built upon in our other classes. Kids will be introduced to these programming fundamentals in a variety of ways appropriate for this age group, from coding puzzles and board games to hands-on programming using online drag-and-drop tools, such as Scratch (scratch.mit.edu)

Location	Time	Dates of Classes	Min/Max	Grades	Price

Tuesday**Beginners Game Development – Grades 3rd-5th**

Do you play games and wonder how they are created? Would you like to build your own computer programs? Come learn how at the Coding with Kids Academy! In this fun after-school class, you will be introduced to the core

concepts of computer programming, including loops, conditionals and variables. Using the Scratch development environment, you will learn how to create your own programs, such as simple games, animations, and interactive stories. With new projects each session, you will be able to express your creativity and advance as a coder! Our progressive curriculum will allow you to move to the next level after just 1-2 sessions

Tuesday

Arts and Minds

Arts & Minds Winter Enrichment Session is for students at Steck ages ECE-5th Grade. Each class, your kids will do Movement (Dance, Fitness, Yoga) AND Creative Arts (drama, art, creative writing, sensory play). Among the many physical benefits of moving each day. Though combining Creative Arts, children can tap into their expressive selves, and develop social-emotional awareness.

This winter, Arts & Minds will explore elements in the world around us. We'll be exploring how we can impact the environment, our land and water, and other people through creative practices.

Each session, we create a group project to "Give Back" to our Community. The children will guide this process and decide to whom we "Give Back." Stay tuned for Family Engagement Opportunities throughout the Session. The last class will end in a dedication of our "Give Back" project, and Showcase of our Works. Families must complete a [waiver](#) to attend, if you are new to Arts & Minds Programs. For more info on Arts & Minds, please visit www.artsandmindskids.com Stay connected to Arts & Minds through [Facebook](#) and [Instagram](#) to view snaps of your kids as they create with our incredible Teachers.

Wednesday

City Strings Guitar

Music is a birthright! Our mission is to share that we are all creative beings, music makers, songwriters, musicians. In this class, beginner students will learn how to play the guitar, listen to each other as an ensemble, and write original songs. Open to students who have good strength and dexterity in their

fingers and who are willing to practice during the week. Practice makes progress! The ability to read is also a plus. (Recommended age 6 and up.)

NOTE: Students must bring their own acoustic guitar to each class.

Thursday

Pi Q Math-Think Math! With Pi Q Math

Our signature camp is packed with everything you love about Pi Q Math. Your child will work at their own individualized level and at their own pace in a fun, playful environment towards becoming a powerful user of mathematics. Each child will work on becoming smarter and faster with mental math, the key to your child's confidence and success in math. They will also strengthen their ability to think logically and spatially through puzzles designed to improve a child's problem solving skills.

Kids with strong mental math fluency and problem solving skills will have the opportunity to join the Steck Math team. Kids will practice each week during the camp time to strengthen their word problem skills and deepen their understanding of important mathematical concepts. Each child will have the opportunity to participate in up to 3 different math competitions held throughout the school year. All contests are administered at Steck and during the camp time, no travel is required. Please visit www.piQmath.com for more information on the Pi Q Math philosophy and camps.

Thursday

Talk to the Camera – News Broadcast & Video Buzz Combo!

Does your kiddo have an active imagination? In mini movie, students collaborate and bring their imaginations to **LIFE**. Kids create, direct, act in and produce a movie. They experience the **THRILL** of a production from “**quiet on the set**”... to “**that’s a wrap!**”

Our professionals do the editing. We send you a downloadable link when our editing process is complete.

About Talk to the Camera: Your kiddo will SHINE on screen as they report a news story, develop video content or star in their own movie! Kids feel empowered as they watch themselves and create original videos. Providing lifelong skills like teamwork, social skills & confidence...3-2-1 ACTION! For more information visit: www.talktothecamera.com

Friday

Sticky Fingers – THYME to TURNIP the BEET on what KIDS EAT!

Let your child release their inner chef! Sticky Fingers Cooking offers young chefs the chance to explore exciting tastes (all seasonal and as local as possible!), master culinary skills (that they can put to use in family kitchens!) and nourish their bodies and minds.

Location	Time	Dates of Classes	Min/Max	Grades	Price
106	3:00 – 4:00	March 9 th , 16 th , 23 rd , April 6 th , 13 th , 20 th , 27 th May 4 th , 11 th , 18 th	8/12	K-5th	\$ 201.25

Friday Adventures in Art

We'll use real clay & glazes to make cows, pigs, cats, aliens and more. We'll learn about coil pots, pinch pots, and working with clay slabs to create pottery that we glaze in lots of bright colors. Adventures in Art will fire the pottery in a kiln and bring it back to school so students can take their finished work home. In our last class we'll use paint in a rainbow of colors to finish pre-made pottery.

Go to www.adventuresinart.info and click Steck Clay Critters to see the exciting things we will make.

Friday Bricks for Kidz- Jurassic Brick Land

Are you ready for the adventure of a lifetime? Put on your hiking boots and camouflage...you're about to enter Jurassic Brick Land! Students will build a world that comes to life with gentle Brontosaurus, ferocious Velociraptor, terrifying T. Rex, and more. We'll learn about amazing dinosaurs that lived during the Jurassic period, and other extinct, prehistoric animals that roamed the earth and swam the seas during that era and millions of years later. Show us your building skills using our specialized project kits! Come learn, build and play at Jurassic Brick Land class

Friday Sound and Formation

Elite music training for your child. Experience the unique method pioneered by music education visionary, Curtis Madigan. Hand-percussion is the perfect foundation and starting place for learning music. Fusing rhythm with mathematics, music is clarified and simplified. Mr. Madigan's curriculum develops the whole child, emphasizing character values and strengthening learning capacity with strategic and fun games. Unleash your creativity for all subjects. There will be a performance the final

day. Our teachers have degrees, Masters Degrees, and even Ph.Ds. in music. For more information visit: soundformationmusic.com/after-school-class/

Friday Chess Wizards

Chess Wizards is one of the nation's premier chess education companies. Our interactive, discovery-based curriculum inspires students to think ahead, visualize their goals, and treat others with respect and to learn from mistakes. First, we let kids get the wiggles and giggles out with 10 minutes of free play and review of past taught topics. We then go right into the week's lessons. We separate students based on skill levels and teach different lessons best suited to their individual needs. All lessons have an activity and homework to accompany them and we have well over 80 different lessons to keep challenging our little wizards! Chess has been taught for thousands of years because of its emphasis on logic, tactics and sportsmanship. Let us coach your kids to a higher level of education!
